At the start of this term, on the first day back at school following the Christmas holidays, we began our most recent Ofsted inspection. Our inspection report has now been the subject of reports in the local press and has also been published on the BBCET, Hexham and Newcastle Diocese and Shields Gazette websites. The headlines everywhere sum up St. Cuthbert's school and community- ***'A happy place filled with kindness.'*** It takes everyone continually modelling compassion, kindness, tolerance and respect for this to happen. As a school and community, we are recognised locally, nationally and globally for our positive ethos and culture. If you haven't read the report yet you can read it on our school website, the [BBCET website](#), the [Hexham and Newcastle Diocese website](#) and the Shields Gazette website.

Thank you to all the families and friends who joined our Reception Class for their Mother's Day assembly on Friday morning. The children were magnificent and read and sang to everyone. They told us all about the tradition of Mothering Sunday and how it began as a celebration of our mother church- the church and parish we belong to as children, the church and parish that people would return to every Mother's Day. Thank you to our Year 6 buddies who were brilliant as always. Our children are perfect examples of what working together, caring for each other and kindness is. We wish everyone a very happy Mother's Day!

All schools work incredibly hard to prepare our children for the next stage in their lives and education. We do this by working with families, colleagues, children and lots of different partners and organisations. The results of what we all do together can be seen in how well our children manage and thrive emotionally, socially, spiritually and academically. Our children are surrounded by adults who model compassion and respect at home and at school and they in turn behave the same way to each other and everyone around them. At St. Cuthbert's we have developed a very unique way of teaching kindness and compassion. We know that you can teach compassion, empathy and kindness. We know that you can grow, nurture and further develop these very human qualities and, when you do this, you impact every person you come across in a positive way. This positivity is then passed on to others and the positivity grows and grows. We all know how destructive negativity is and how difficult it can be to break a spiral of negativity. All our children are developing the skills to recognise negativity and the work they do with Mrs Cottiss on understanding their emotions and well-being, on having a language to talk about how they feel using Maslow's hierarchy of needs gives them the tools for this. We have a line from a prayer in our school hall which everyone sees every day, it says, '*This is what we are about, we plant the seeds that will one day grow.*' This is what we do- every minute of every day. Everything we say, every little interaction with other people, every word and action are creating an environment and world and it is up to us all to make sure it is somewhere where we all want to be and where everyone is treated with kindness, compassion and respect. St. Cuthbert's is a school and community where compassion matters and where we all know that people will always need people.

*Look with kindness and you will always find wonder*

All families with children at St. Cuthbert's have been sent signup details for the [Wellbeing Hub](#), an online resource with lots of information, help and advice for families which you can access any time you need to. Families can face challenges at different times and The [Wellbeing Hub](#) is an online resource which could possibly be of help.

Can we remind all families that you must let us know who is collecting a child after school if you, the person who would normally do the collection, isn't? If you need to change arrangements at the last minute please phone the school office and let us know, this helps avoid asking the person who has come to collect the child waiting around unnecessarily and helps us ensure all our children are where they are supposed to be. If the person collecting your child is someone we don't know or haven't met often we may ask you for a word or phrase that they can repeat to us, therefore confirming who they are.

If you have any concerns about your child's, or another child's safety, including their online safety, or questions about behaviour we always ask that you speak to us at school. It is important that we are part of discussions that may be happening around children's behaviour and welfare. We record incidents and concerns electronically on our

Mass times online on Facebook and at St. Cuthbert's each Sunday at 11am. Fr. Chris Hughes can be contacted on 257 5801 CPOMS system and we work very closely with Clennell Education Solutions to make sure all our staff are up to date with the best safeguarding training available and to provide leading professional advice when requested. This means that we have a broad picture of anything that is happening at school and, with your help, we can make sure any concerns are addressed quickly and do not escalate or lead to children or families falling out. If you have a concern that you feel needs attention immediately, and it is outside of normal school hours, you can contact the North Tyneside Safeguarding Team's Front Door service on 0345 2000 109 during office hours or 0330 333 7475 during the evening or at weekends. We work in partnership with the team and they will inform us at school of any referrals made to them during weekends, evenings, and holidays when school is closed. You can also find out more information about safeguarding in North Tyneside on their [website](#) and our [school website](#).

**We are asking all families to make sure you pre-order your children's lunches as this is the only way to ensure they get what they want each lunchtime. All children who have a school lunch must pre-order- this includes children in Reception Class, Year 1 and Year 2 who are all entitled to free school meals through the Infant Free School meals scheme.**

Thank you once again to everyone who has signed up for your Appetite account and to everyone who is using it to pre-order children's school lunches. It is very, very important that you get your account set up as it allows you to see the menu for the coming weeks, including all the dietary and nutritional information you might want to see. No child will ever be left hungry and the staff in our kitchen know all our children well. If you have any questions about the new school meals system or menu, or need help with the app or using the Appetite service online, please get in touch with us at school.

*We would like to remind families that we have a no-jewellery policy for children at St. Cuthbert's, the only exceptions to this are that children can wear a watch and if they have their ears pierced they can wear a small stud- not hoops. Can you please make sure your child doesn't wear any jewellery to school, especially on their outdoor learning day when a few have started to wear chains, necklaces, or bracelets. Outdoor learning day clothes should be old clothes, suitable for the weather, that will get dirty and, most likely smell of smoke by the end of the day.*

We get lots of questions at school about keeping children safe online when they are away from school. We have begun information posters from National Online Safety and these will be helpful as they provide up-to-date advice on how to manage different services and apps for children at home. The Think You Know website is also very useful for advice and information and you can find it by clicking the link below. The site is aimed at adults and the subjects are about keeping children safe online. <https://www.thinkuknow.co.uk/parents/>

Mass times online on Facebook and at St. Cuthbert's each Sunday at 11am. Fr. Chris Hughes can be contacted on 257 5801. Can we please remind families that for all classes from reception through to year 6 the school day has a 'soft start' meaning that the school gates and doors will open at 8.40 am and children should go straight to their class when they come on to the playground from 8.40 am. The doors and gates then close at 8.55 am when all children should be in their class- anyone who arrives at school after 8.55 am should come to school through the main office. **Children cannot wait alone on the playground or at school gates before 8.40 am as all staff are supervising gates, doors, corridors and classrooms with teachers beginning their teaching at 8.40 am.** Can we also remind everyone that no adults should be in the school building in the morning or at the end of the school day. If you need to speak to a class teacher you can contact them through Tapestry, phone the school office to make an appointment or pass on a message or catch them at the end of the school day once all children have been passed over to their families. Our school day ends at 3.25 pm for all children. Can we also please remind families that dogs, no matter how small, are not permitted through the school gates or on the school playground. We have over 500 people on the playground at the start and end of each day and we all greatly appreciate your help and support in keeping our school as safe as possible and our school days running smoothly for everyone.

Thank you to everyone who is using Easyfundraising.

It's really easy to get set up and running, all you need to do is:

2. Every time you shop online, go to easyfundraising first to find the site you want and start shopping.
3. After you've checked out, that retailer will donate to St. Cuthbert's at no extra cost to you whatsoever!

Thank you to everyone who has been using Tapestry, our [keepingintouch@stcuthbertsrcprimary.co.uk](mailto:keepingintouch@stcuthbertsrcprimary.co.uk) email, and school phone to keep in touch with school staff. Lines of communication must be kept as open and honest as possible between school and home as we work hard to keep our open-door policy and approach going by making so many ways to keep in touch available. **As highlighted in the past we don't use Facebook or WhatsApp or any other social media apart from Twitter (which we don't use to answer questions)**, and we won't be setting up accounts on either medium. If you have any questions, or concerns, or need to chat with a member of staff at school please make sure you use one of three methods we have put in place:

It has been written to be accessible to the children and goes alongside all the work we do with them throughout the year. We teach safeguarding and staying safe through many different subjects and you will see the weekly online safety posters we add to every newsletter that we send out. Throughout the year we also have online safety lessons with all children and these range in topic from what to do if a child feels unsafe, how to create the best usernames and passwords and how to judge if the information you are reading or watching is genuine and accurate. We also hold online safety sessions for families each year to help you keep your children safe online at home. If you have any questions about safeguarding at St. Cuthbert's please get in touch by emailing [keepingintouch@stcuthberts.email](mailto:keepingintouch@stcuthberts.email) or speaking to Mr Dillon or Mrs Cottiss who you can find on the school playground at the start of each day or by phoning the school office.

## What Parents & Educators Need to Know about

# BLUESKY SOCIAL APP

### WHAT ARE THE RISKS?

While Bluesky has been around since 2019, it's suddenly taken off in a big way thanks to a significant exodus from X (formerly Twitter). Indeed, it looks and behaves a lot like Twitter before Elon Musk bought the platform. Bluesky has been touted in recent months as a safer, more open-minded alternative to X – but like any social media site, it still has its share of risks.

AGE RESTRICTION  
**13+**  
With an App Store rating of 17+ & Google Play rating Mature

### NO PRIVATE ACCOUNTS

While most social networks allow accounts to be private, at the time of writing, all Bluesky accounts must be public. The development team has indicated this might change in the future, but the app is built on a public-first protocol. If private accounts are ever introduced, it may only be in a limited way – such as through the implementation of group chats.

### INTERACTIONS WITH STRANGERS

Every account being public means that anyone can be contacted by anyone else. While users don't have to respond and can easily block people and move on, it does mean that youngsters are at particular risk of being conned by scammers, messaged by predatory adults or exposed to others with ill intentions. These hazards can be compounded by the fact that Bluesky doesn't require its users to provide their real name.

### TROLLING AND BULLYING

While Bluesky currently feels a lot friendlier than X seems to have become, its lack of private accounts means that there's nothing to stop users from trolling and cyberbullying younger people. While accounts can be blocked and reported, a persistent bully could simply create a new profile, potentially making their victims feel unsafe in continuing to use the app.

### DANGEROUS MISINFORMATION

Established news organisations have fact-checking and editing processes, but social networks have no such controls and can often serve as breeding grounds for misinformation and disinformation. Bluesky will possibly be no different once it reaches a certain size, and children may not have the critical thinking skills to tell fact from fiction – or to discern an informative, honest user from a malicious one.

### ADULT TARGET AUDIENCE

Bluesky isn't designed with children in mind, and there aren't many parental controls on the platform. In an interview with the BBC, Bluesky's CEO originally said that the app would only allow users aged 18 and above to sign up, but a spokesperson later clarified its age restriction as 13+. This could imply the app was originally meant for an adult audience and suggests that making the platform more child-friendly might not currently be a priority.

### RAPID GROWTH

At the time of writing, Bluesky seems calm in comparison with other social networks where moderation is lax and the atmosphere toxic – but that's due at least in part to its smaller community. The app has recently been adding as many as a million users per day, and if that continues, there'll be more unpleasant users to handle, and moderators could struggle to maintain the pleasant environment Bluesky is currently known for.

## Advice for Parents & Educators

### USE THE ADULT CONTENT FILTER

Bluesky doesn't have much in the way of parental controls, but there are content filters which can hide sexual and graphic imagery. These are enabled by default for underage accounts but can be manually turned on in the 'Moderation' section of the app's settings. The 'advanced' Bluesky Moderation Service lets you restrict content even further, hiding – for example – self-harm content, extremist rhetoric, and even rude posts.

### LOOK OUT FOR FAKES

Impersonation is a problem on all social networks. While the consequences are usually benign, imposters sometimes attempt to scam or groom children by pretending to be a popular influencer or online personality. Bluesky is unique in that it can be connected to official domains, with users' handles linking to other sites; while this isn't widely used right now, it could be a reliable way to verify celebrities and public figures in future.

### ENCOURAGE BLOCKING AND REPORTING

Another tool that Bluesky uses to ensure a decent experience is muting and blocking accounts. The former prevents you from seeing a specific user's content, while the latter stops them from seeing yours. If a child is encountering trolls or bullies on the platform, encourage them to use this function, while also reporting the offenders to help make the platform a nicer place for everyone.

### KEEP AN OPEN DIALOGUE

As with all social media platforms, moderation and content filters can only do so much; it's highly likely that a child will eventually face something unsavoury. For that reason, it's important to make sure that young people are aware of the risks and know how to handle the technology if anything they see on the app makes them feel unsafe or uncomfortable.
